CAREER OBJECTIVE

To get an opportunity where I can make the best of my potential and contribute to the organization's growth. Seeking a position in a company where I can launch my career and build a valuable skill set. Seeking a role in Back end Developer where I can upgrade my skills with time and take the company to the next level.

PROJECT WORK

Book barter (e - commerce)

- I have Create E- commerce Website with user panel and admin panel.
- Login and Registration perform with API.
- Authentication with email.
- I am still adding more facilities in this site.

Online Shopping site

- Payment method integrate using Razorpay third party service.
- Authentication with Phone number using Twilio third party service.
- Mostly the basic facilities for an online shopping site are included in this site.
